

ECO PASSPORT 2021

SELECT YOUR JOURNEY

Your team can choose from one or more of these four-week journeys:

Feb 15 - March 15: Are Oysters on the Menu?: Protecting Coastal Waters

July 1 - August 1: Poison Ivy, Forest Fires, and Rising Bills: Climate Change and NC Forests

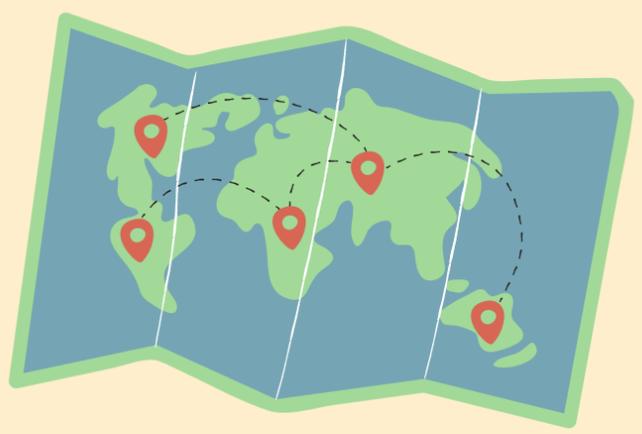

Oct 15 - Nov 15: Save the Bees, Please!: Pollinator Habitat Conservation

CHOOSE YOUR STOPS

Pick 5 stops to visit on your journey

Choices feature ESNC nonprofits and include virtual presentations, volunteer days, virtual scavenger hunts, projects for the family, and more...

Every journey is unique and interactive!

COLLECT SOUVENIRS

Show us where you've been.

Every stop has a special key code you must find to show us what you've completed. Enter souvenir keys on the Eco Passport webpage to track your progress.

Tracking your progress puts you in the running for prizes and on the road to the 2021 Eco Passport Top Traveler Award.

COMPLETE YOUR JOURNEY

Visit all the stops on your journey and you will be rewarded

Everyone who completes at least five stops in their journey will earn the 2021 Eco Passport Top Traveler Award--including an impressive vinyl sticker and a prized spot on our website--to show off your participation.

GO THE EXTRA MILE WITH THESE ADDITIONAL COMPETITIONS

LARGEST CARAVAN AWARD

You'll need all hands on deck for this one

Compete against other companies for the distinction of being the team with best participation rate for travelers completing the journey. Encourage those in your caravan to finish all the stops and you'll be on your way to the top.

Small teams and large teams are welcome. May the averages be ever in your favor.

WANDERLUST GRAND PRIZE

All participants will earn entries to the Wanderlust raffle

Every stop you complete increases your number of entries for the Grand Prize: 1st Stop = 1 entry, 2nd Stop = 2 additional entries, etc. Additional entries can be gained by participating in bonus stops along the way.

Each journey has a unique grand prize!
