

NC GREENLIVING CHALLENGE

EarthShare North Carolina
Corporate Partner Program

Inspire employees to take small actions that make a big impact on the water they conserve, waste they reduce, and carbon they keep out of the atmosphere. Work together to compete for sustainable prizes and bragging rights against teams across North Carolina.

Starts September 1st

Register by August 15th

Team Registration Fee: \$750

Includes access for unlimited # of employees to the app, set up, support, and impact reports during the challenge, as well as public acknowledgement of your company's involvement.

WHAT IS IT?

- Choose from 60+ sustainability actions and log them in the app.
- The mobile app tracks impact through metrics and points for a friendly competition with other companies.
- Users can share pictures and activities within the app to inspire each other and stay fully engaged.
- There are prizes for the top three individuals with the most points and the company team with the biggest impact.

WHY JOIN?

- It's a sustainability challenge for all—whether employees work from home or in multiple locations, your whole team can participate and make a difference.
- With every action taken, employees will be able to see how much water they have saved, trash they have diverted, and carbon they have kept out of the atmosphere.
- Demonstrate your support for conservation to your employees and customers. Join the growing number of companies that take care of the communities in which they operate.

ARE THE ACTIONS DIFFICULT? WE'RE PRETTY BUSY.

- The actions range from remembering to bring your reusable coffee mug to the coffee shop to drinking local beer or buying native plants for your garden.
- EarthShare NC members are featured in the actions too, so you'll get to know our nonprofits and what they are doing to #ImpactNC.
