

NC GREENLIVING CHALLENGE

EarthShare North Carolina
Corporate Partner Program

Inspire employees to take small actions that make a big impact. They will conserve water, reduce waste, and shrink carbon footprints – rewarded with real time impact measurements. Employees compete for sustainability prizes and Corporate Partners compete for bragging rights.

WHAT IS IT?

- 60+ sustainability actions to help show individual and team impact
- Our interactive mobile app tracks real time results and engages your employees
- Prizes are awarded to three individuals with the most points and the company with the biggest impact

WHY JOIN?

- **Remote and hybrid work friendly:** One program for all employees where they can join forces to compete, share pictures and stories, and build their team
- **Rewarding and engaging:** Employees see the impact of their actions in real time
- **Tangible impact on climate change:** Don't just tell employees what you are doing to help the environment, bring them on board

RECOGNITION AND REPORTS

- Impact reports include number of employees registered, number of actions taken, variety of actions taken, and total metrics on water saved, waste diverted, and carbon reduced
- Companies are recognized for participating on social media, and winning company is permanently listed on the NC Green Living Challenge Hall of Fame
- Join the growing number of companies supporting their communities and reinforce company values with employees, investors, and customers

2021
