Art Contest

EarthShare NC is a coalition of 24 nonprofits working for the health of North Carolina's environment. For 30 years, we have been driven by our mission to connect more people with the work of these organizations to protect our air, land, water, and wildlife. We have connected four generations of people with the environmental movement through education, engagement, and giving.

We are celebrating our 30th Anniversary in several ways, including this competition to create a 30-year design for our fundraiser to support the growth of our work.
