

# VOLUNTEER PROGRAM

**“I was very happy to have the opportunity to help clean up an area of Charlotte I was not at all familiar with so I could engage with the larger community in which I work.”**

—Volunteer

Companies establish a presence in the community and connect with local environmental nonprofits through multiple volunteer projects. Once the program is completed, reports on participation and environmental impact metrics are provided based on the type of project done.

## DETAILS

- Work with EarthShare NC staff to select projects and dates.
- Internal promotions are provided to recruit employees.
- Landing page offers easy access to registrations and available projects.
- Project details are communicated with registrants

## BENEFITS

- Turnkey program
- Customizable to fit your calendar and team size
- Team building for remote and on-site employees
- Make a lasting impact in your community while building company culture.
- CSR and ESG reporting metrics provided.

### EXAMPLE IMPACT REPORT
