

## 2023 EarthShare NC In-person Event Talking Points

Duration: 4 minutes

*(Indicates space for you to insert relevant information)*

1. Thank you for inviting EarthShare North Carolina to share some of the important work we're doing across North Carolina.
2. EarthShare NC is a coalition of 26 nonprofits in North Carolina and over 70 nonprofits nationwide. These organizations are working each day to mitigate the threats of climate change and create innovative solutions to build resilient communities across the state. They also are the vehicle for you to move the needle on the important issues that impact our health, economy, and quality of life in NC.
3. *Highlight your organization and a specific initiative, impact, and/or way for them be part of the work.*
4. This is just one example of the work you can support through EarthShare NC. All EarthShare NC nonprofits are working to benefit everyone who calls North Carolina home.
5. Employees across the state are investing their dollars to support this work through their giving campaign. You can choose to support one or several EarthShare NC nonprofits and gifts to EarthShare NC will be shared among all the nonprofits. A fee is NOT taken from your gift.
6. You can learn more about this work in the 2023 Impact Report spotlighting EarthShare NC's Nonprofit Members' impact over the past year. Visit: [www.earthsharenc.org/impact-report](http://www.earthsharenc.org/impact-report)
7. Thank you for learning more about *your organization* and EarthShare North Carolina!
